Zebra® TTP 2000 Series™ Kiosk Receipt Printers

SEE MORE. DO MORE.

The TTP 2000 series packages the latest reliability and performance features into one of the most compact kiosk printer models on the market. It also provides excellent reliability for kiosks—with features like the guillotine cutter, jam-preventing loop presenter, tear-preventing pull detector, and retract-and-retain function that protects customers' private information by retracting any printouts left behind. With its variety of media roll locations (above, behind and below), its compact size, and its vertical configuration option, the TTP 2000 offers a flexible solution for kiosk integration.

Typical applications for the TTP 2000 include loyalty and discount vouchers, vending and photo kiosk receipts. The TTP 2000 handles paper widths between 2.28"/58 mm and 3.25"/82.5 mm and is available with a parallel, USB or serial interface.

TTP 2000 Series Kiosk Receipt Printers Offer:

Unremitting Reliability to Keep Kiosks Printing
Optimized for tough printing environments where durability, reliability, minimal maintenance and ease of use are critical, Zebra printers maximize uptime and minimize upkeep.

Easy to Integrate in Kiosk Designs
A small footprint and flexible mounting options make our printers ideal for a variety of applications—whether embedded in a custom kiosk solution or Zebra's Kiosk Print Station.

End Benefits
As an integral part of a self-service kiosk solution, Zebra printers help companies improve service, raise customer satisfaction, increase revenue and lower operational costs.
